How to place an order with theteacher.info Ltd

Schools and colleges in the UK should simply use their normal ordering procedures. Post us an order on either this Order Form or your own one. PLEASE DO NOT FORGET TO SHOW THE P&P ON YOUR ORDER FORM. (It is the most common reason for delays in processing orders.) We don't accept email or FAX orders, only orders by post. We do not offer discounts to bookshops. Organisations other than schools and colleges e.g. bookshops must send a cheque with their order. Organisations abroad must contact us before placing an order. Individuals within the UK wanting books should send us a cheque made payable to theteacher.info Ltd. We will send out your order once your cheque has cleared. If you want your order immediately, please pay via our secure website using PayPal or a credit card. We only post to the credit card holder's address. We do not supply individuals outside of the UK. Please ask your school or college to place an order on your behalf.

If you have any questions at all, please do not hesitate to email us at:

contact@theteacher.info
